

25 YEAR RE-REVIEW

To ~~6-11~~ Director of Central Intelligence
16

From: Chief, Central Planning Staff

1. The Central Planning Staff, on its own initiative, has inquired into the application of sampling techniques as they apply to the field of intelligence. In making this inquiry, many questions have arisen which cannot be resolved without a complete study.

2. Attached is a draft directive making the necessary provisions for the study. It is recommended that the directive be approved and distributed as necessary.
